CHAPTER 1

INTRODUCTION

UP PERISCOPE

A NOTE FROM THE CREATOR

Hi, my name is Christopher English, and I'm the creator of this manga.

Growing up, the things I loved most were giant monsters, including dinosaurs, Godzilla, Gamera, and Kong; science fiction, because I always felt I had been born too soon and wondered what life might be like on other planets; and military vehicles, especially aircraft carriers, submarines, and helicopters.

I was also a huge comic book and anime fan. In the 1970s, manga hadn't quite caught on in the U.S., but one show really caught my eye: Star Blazers, also known as Space Cruiser Yamato. Here was a show about a spacefaring battleship that brought together my love of science fiction and military vehicles. I was blown away.

This manga is my homage to that show. I even chose a retro anime style to capture the spirit of what first inspired me. I hope you enjoy reading it as much as I enjoyed creating it.
