DITHER ALFANSSEN
OUR PEOPLE. OUR NATION. OUR FUTURE.
We are simply proud of our elven blood. Elves built this country. For many years, Elves have been victimized by minorities, unable to express the racial pride we deserve, or fight for our elven children and our elven culture, which we are losing to the hordes.

We have always known that Orcs, humans, and other trash like them are violent criminals. They have always wanted to destroy us. If we allow it, it will be our end.
